Luc Roberge, P. Eng., FEC
Candidate for Northern Regional Councilor.

I have a greater appreciation for the role of Councilor from my time on PEO Council and my 19 years as a volunteer with the Algoma, Kapuskasing/Porcupine and North Bay Chapters.

PEO needs to have “right touch regulations” to improve its efficiency while preserving Public Interest. This is required to support the challenges that PEO is currently facing with respect to FARPACTA (a provincial statute requiring PEO to revise its licensing model, which is to exclude the twelve-month Canadian requirement) and the ongoing work on Governance Renewal.

I have worked closely with license holders and Council members and will continue to do so. As such, as Chair of the HRCC, I have been a member of the search committee responsible to recruit a new CEO/Registrar to replace the current one who retired last year. Also, Chapters are a vital part of PEO. I was Chair of the Risk Assessment Working Group that was tasked to look at the whole chapter system. I am very pleased with the report that we produced and that it is to be presented at the upcoming Council meeting for approval for implementation. During all the consultations, license holders have stated again and again that the chapter system is an asset for PEO and I will continue to be a strong supporter.

To learn more about myself, please watch the All-Candidates webcast on PEO’s website. I have always taken my role seriously, keeping in mind PEO’s mandate and our fiduciary responsibility to members of the Public. The motions that I voted on were always based on researched facts and data.
