

**Professional Engineers**  
Ontario

Dear PPE Candidate,

You are invited to explore a new online module from Professional Engineers Ontario (PEO) intended to help prospective engineers prepare for the [Professional Practice Exam \(PPE\)](#).

The interactive module, presented by Grant Boundy, P.Eng., includes sample questions, practice responses and keys to success. The module is not intended to replace study materials, but rather to provide an overview of the challenges you may face when preparing for, and writing, the PPE.

To view the presentation, *Professional Practice Exam (PPE) Keys to Success*, please follow the steps below:

1. Go to <https://peo.lts-online.net/home/>
2. Click on **Enrol Now** and then click on either **Register Now** to complete your registration or **Log In** if you have already registered.
3. Click on **Launch Course** to view the entire video.

**Please note:** The PPE documents referenced at the start of the module should be downloaded from the [PEO website](#) prior to viewing the presentation.

It is your responsibility on how you prepare to write the PPE.
