Engineering regulator appoints interim registrar

Toronto – (January 18, 2018) – Effective February 7, 2018, Johnny Zuccon, P.Eng., will take over as interim registrar of Professional Engineers Ontario (PEO)—Ontario’s engineering regulator.

Zuccon, currently PEO’s deputy registrar, tribunals and regulatory affairs, was appointed interim registrar by the association’s Executive Committee after current Registrar Gerard McDonald, P.Eng., announced his resignation in December. McDonald is set to become CEO of Engineers Canada.

Zuccon’s appointment will remain in effect until a permanent registrar is appointed and takes office. PEO Council began the process for recruiting a new registrar earlier this month.

Joining PEO in 1995, Zuccon has worked in many areas in the organization, giving him a broad range of experience for the role.

About Professional Engineers Ontario

Under the authority of the *Professional Engineers Act*, PEO governs over 85,000 licence and certificate holders and regulates professional engineering in Ontario. PEO’s mission is to regulate and advance the practice of engineering to protect the public interest. Its vision is to be the trusted leader in professional self-regulation. Professional engineering safeguards life, health, property, economic interests, the public welfare and the environment. Professional engineers can be identified by the P.Eng. after their names. Holders of limited licences can be identified by LEL or LET after their names.
