RECOGNITION**

THANK YOU PEO VOLUNTEERS

Throughout its 100-year history, Professional Engineers Ontario (PEO) has valued the time, knowledge and talents of its volunteers in assisting us to regulate the engineering profession in the public interest and promote PEO's regulatory role across Ontario.

Last year, in 2021, more than 600 professional engineers, engineering interns and others continued this volunteer work during the ongoing COVID-19 pandemic.

Provincially, PEO councillors met in virtual meetings to provide leadership and guidance in fulfilling our mandate to protect the public interest through effective self-regulation. Other provincial volunteers similarly met remotely to serve on our committees and task forces.

And at the local level, chapter volunteers continued hosting online events to promote engineering and PEO in local communities; as well as providing virtual networking events for members and licence presentation ceremonies for new P.Eng. licence holders.

PEO gratefully acknowledges everyone who has served, and continues to serve, the profession in a wide variety of activities and events.

To our many volunteers who give back selflessly to PEO and their profession, we thank you.

A handwritten signature in black ink, appearing to read 'C. Bellini' with a stylized flourish at the end.
