

JOSEPH PODREBARAC, PEng, PMP, FEC

I want to bring back **a member-driven PEO**. Members deserve knowledge of the goings-on at Council and hear this from their councillor, not read it months afterwards in Dimensions. Communication starts at the **Chapters**, which are being ignored. Recently, **we have been kept in the dark** on these issues:

- **Compulsory “Professional Development” (CPD)– developed and made obligatory without Chapter/member input or consultation, then imposed on us.**
- **Finance – where is the money going after almost three years of virtual meetings and events? Why have we not gotten a fee rebate?**
- **Governance obsession and hired outside consultants telling us what to do – enough already!!**

I’m running as Eastern Regional Councillor **so that we can be heard at Council.**

B.Eng (Mechanical), **McMaster**, licensed since 1986

Principal Engineer – DND – Underwater Systems, DND Aboriginal Advisory Group co-chair

Ottawa Chapter Executive since 2011: Chair, Vice-Chair, Treasurer, Innovation, By-Laws, Awards, 30x30

Professional Institute of the Public Service of Canada (PIPSC) Board of Directors, Professional Recognition and Qualifications Working Group, Scholarship Committee, Executive Compensation Committee, Engineering Group Chair, Treasurer, Bargaining Chair, Steward of the Year (2001)

A PROFESSIONAL ASSOCIATION, RUN BY PROFESSIONAL ENGINEERS
