- ✓ Ph.D. in Civil (Environmental) Engineering - University of Toronto
- ✓ M.Sc., B.Sc. (Eng) in Biological Engineering - University of Guelph

As your Western Region Councillor, I have been committed to promoting PEO's mission to its stakeholders, understanding our license holders' concerns and looking for opportunities for PEO to address those concerns. I also have been actively involved in understanding Chapter operations and ensuring that PEO supports our Chapters and the value they bring to PEO as a regulator. I also believe my past experience in municipal governance has been an asset in fostering an effective working relationship between Council and our valued PEO staff.
