

## Victor Lan, M. Eng., P. Eng., FEC, LEED AP for PEO

### East Central Region Councillor

East Central Region deserves a Councillor who has demonstrated strong dedication and commitment to the PEO. I have been volunteering at the PEO Scarborough Chapter for over 13 years and have served in numerous positions, including Executive, Secretary, Treasurer, Chapter Vice Chair, Chapter Chair and Chapter Past Chair. In addition, I have been Chair of Chapter Government Liaison Program (GLP) for many years. At the Chapter, I had the wonderful opportunities of working with the PEO members, provincial government as well as the public. Professionally, I have almost 40 years of extensive experience with engineering consulting services, construction industry, and infrastructural development, including over 20 years in Ontario. I am a Fellow of Engineers Canada.

**As the East Central Region Councillor, I would act in the best interests of the PEO. I would work hard with the Council to focus on:**

- 1) selecting and appointing the best qualified new PEO Chief Executive Officer (CEO)/Registrar**
- 2) addressing the FARPACTA amendments about license applications for internationally trained professionals**
- 3) closely monitoring the newly enforced Continuing Professional Program (CPD)**
- 4) optimizing organizational performance**
- 5) expediting the transformation of PEO to a modern regulator**
- 6) maintaining strong communication among members, Chapters, and the Council.**
