for **VICE PRESIDENT**

TO PRESERVE TRUE SELF-GOVERNANCE, PEO MUST CHANGE

RESPECT THE MEMBERS!

IN MY TERMS ON COUNCIL, I FOUGHT FOR:

- ✓ **DEMOCRATIC CONTROL OF OUR PROFESSION:** PEO is becoming too large, too bureaucratic, and too isolated from its volunteers and members.
- ✓ **IMPROVED RELATIONSHIPS WITH VOLUNTEERS / STAKEHOLDERS:** Members, industry, government, and the public.
- ✓ **MEMBERS' VOICE ON CPD AND "PEAK", AS WE WERE PROMISED IN PAST:** The program has turned out to be too costly, too intrusive, and not particularly useful.

YOU AND I MUST CONTINUE TO WORK FOR:

- ✓ **OPENNESS AND TRANSPARENCY AT COUNCIL:** Chapters, volunteers, members must be kept "in-the-loop", not excluded.
- ✓ **EMBRACING EMERGING DISCIPLINES:** This profession has a bright future only if it understands new disciplines need regulation.
- ✓ **SUPPORT ENTREPRENEURS AND NEW GRADUATES:** Our economy is changing. PEO must adapt and innovate.
- ✓ **MEANINGFUL ENGAGEMENT WITH GOVERNMENT:** Government does not adequately understand the critical importance of engineering to a modern economy and societal prosperity.
- ✓ **BENEFICIAL RELATIONSHIPS WITH OSPE AND ENGINEERING ORGANIZATIONS:** We are all in this together!

A PROFESSIONAL ASSOCIATION, RUN BY PROFESSIONAL ENGINEERS
