

Christopher Chahine, P.Eng., PMP, SSBBP
Candidate for PEO President-Elect

Fellow members, my name is Christopher Chahine and I am running for PEO President-Elect

I have the distinct privilege of being the current PEO Vice-President and Past Regional Councillor. I have proven and capable leadership on PEO Council throughout the past three years. Some top highlights include being the media spokesperson for PEO and acting chair of PEO Council on several occasions. Further to that, I have helped put together several motions on council that were passed successfully and was an active member in PEO's Risk Assessment Consultation in 2022, all in the interest of YOU the members.

If elected, my Presidential goals are as follows:

- Inducting the emerging engineering disciplines proactively
- Reviving and enhancing the EIT program (build it back better)
- Council and Election reform
- Improving PEO regulation and value of P.Eng licence
- Ensuring a modern and relevant PEO

I am passionate about advocating and respecting Members and Licence Holders in the making. There are many challenges up ahead. Proven leadership with trust and transparency will be required to keep our profession relevant, valuable and ensure our mandates are met.

If you feel that PEO can be doing more for you, you can count on me to deliver.

Vote for Christopher Chahine for PEO President-Elect
