As your Western Region Councillor, I have been committed to understanding our current and future licence holders' concerns. I also have been actively involved in ensuring that PEO supports our Chapters and the value they bring to PEO as a regulator. I also believe my past experience in municipal governance has been an asset in fostering an effective working relationship between Council and our valued PEO staff. My role as Chair of the Governance and Nominating Committee has resulted in several important files being updated including our Code of Conduct and Safe Disclosure (Whistleblower) Policy. I ask you to allow me to continue representing you by re-electing me as your Western Regional Councillor.
